Students who have experienced inquiry and discovery are well prepared to address future unsolved problems.

Dr. Patricia J. Pukkila
Founding Director, Office for Undergraduate Research
Benefits of Undergraduate Research

“The most significant aspect of my experience was being able to work with cutting-edge research and technology that might one day influence treatment for real patients with leukemia.”

Jakub Dmochowski ’10

“There’s a big difference between learning in a classroom and discovering something unknown in research.”

Philip Howard ’08

“The most significant aspect of my experience was being able to work with cutting-edge research and technology that might one day influence treatment for real patients with leukemia.”

每条路径都是独一无二的。开始行动吧！

“在课堂上，你可以学习别人已经发现的知识；在实验室里，你真正可以做出这些发现。”

Kate Wassum ’04

“我的经历对我的未来学术和智力选择至关重要。”

Diana Gergel ’09

“这是个很大的机会，可以自己制定研究计划。……研究本身就是一个有用的能力，无论是学术上的还是职业上的。”

Tatiana Hodapp ’09

“在课堂上，你可以学习别人已经发现的知识；在实验室里，你真正可以做出这些发现。”

Mary Cooper ’12

Benefits of Undergraduate Research

• Develop your own projects and investigate your burning questions
• Work closely with world-class Carolina faculty
• Apply classroom learning
• Gain experience for graduate school or your first career steps
• Address problems within a community
• Make new discoveries
• Publish and/or present your findings

Every path is unique. Get started today!

TAKE CLASSES:
• Modes of Inquiry
• Research-Exposure Courses
• Research Intensive Courses

NETWORK BY CONTACTING:
• OUR Ambassadors: a team of students who have conducted undergraduate research and are eager to talk with you about your ideas and your path.
• Liaisons for Undergraduate Research: Talk with graduate students, postdoctoral scholars and faculty in specific departments who can help you start your research journey.

FIND A RESEARCH OPPORTUNITY:
• Look for postings in your department.
• Use our Database of Research Opportunities to identify researchers who include undergraduates in their research projects.
• Visit our.unc.edu for more information.

The Office for Undergraduate Research can help.

RECOGNITION:
• Carolina Research Scholar Program
• Celebration of Undergraduate Research

FUNDING:
• Summer Undergraduate Research Fellowships
• Conference Travel Grants
